NGUYỄN TRUNG TÍN

iOS Developer

SHORT-TERM OBJECTIVES

- Secure a challenging position as an iOS developer, leveraging my skills in Swift programming, UIKit, Combine framework and iOS app development. I aim to contribute actively to a dynamic team, gain practical experience, and enhance my proficiency in building innovative and user-friendly mobile applications. I am eager to learn, adapt quickly, and contribute effectively to the success of the projects entrusted to me.

LONG-TERM OBJECTIVES

- Evolve into a proficient and accomplished iOS developer. With a solid foundation in software development and a deep understanding of Apple's ecosystem, I aspire to lead the design, development, and optimization of innovative iOS applications that deliver seamless, intuitive user experiences. Through continuous learning, hands-on experience with Swift and Objective-C, and staying up-to-date with the latest iOS development trends, my goal is to master the full iOS development lifecycle—from concept and design to deployment and maintenance. I aim to contribute to cutting-edge projects, shape industry standards, and build high-quality, scalable apps that solve real-world problems.
