3 MONTHS OF INTERNSHIP AT FSOFT

Intern

- I had the opportunity to immerse myself in various office tasks and environments, allowing me to gain valuable work experience, learn about work ethics and responsibilities.
- I also had the chance to work with tools like Git and utilize popular Integrated Development Environments (IDEs) such as NetBeans, VSCode, and PyCharm, which provided me with valuable hands-on experience.

OBJECTIVE

I have been designing and creating websites for over 2 years. I have experience designing and writing websites mainly in ReactJS, and have a creative mind. If you want to boost your business with a great React website, then let's talk!

I'm looking to join an inclusive company which doesn't discriminate peoples based on their race / gender / culture as a freelancer / salaryman!

My English proficiency includes good communication skills in both listening and speaking, and the ability to read and write documents in English.

Additionally, I am proficient in using project management tools such as Git, IDEs such as Visual Studio Code, and various tools such as Photoshop or Figma.
